## Reframing Heritage Education in Egypt (ReHeED)

Xanthi 30/12/2021

Topic: Diploma and Master educational programs verification.

With this document, the team representing the Democritus University of Thrace - Department of Architectural Engineering, aims to certify the two curricula (Diploma & Master) developed by the Egyptian project partners within the context of the work package 2.2.

The structure of the two educational programs was first announced on October 1st of this year. After a detailed examination, it was found that these are two study programs that cover a wide range of fields related to Heritage Education and it is judged that they will satisfactorily serve the purposes of the ReHeEd research project.

Therefore we kindly verify the final form of both the proposed Diploma and Master programs.

With best regards,

Professor Nikolaos Barkas  
Scientific Coordinator
