Reframing Heritage Education in Egypt (ReHeED)

Object: Diploma and Master educational programs verification.

The University of Florence – Department of Earth Sciences (UNIFI) attests the validity of the Specialized Diploma and Master Programs in Cultural Heritage Education, proposed by the Egyptian project partners within the context of the work package 2.2 of the ReHeED project.

The two educational programs, transmitted on October 1st, 2021, were completed taking into account the project activities performed in collaboration with the other European partners (Democritus University of Thrace - Department of Architectural Engineering and the University of Paris 1 Panthéon Sorbonne).

This document certifies that the abovementioned two study programs meet the objectives of the ReHeED project, cover the fields related to Heritage Education and Management, and can offer an important contribution for the formation of professionals in Cultural Heritage Education in Egypt.

Therefore, we are pleased to confirm and verify the quality of the proposed programs.

Best regards,

Florence 12/01/2022

Professor Veronica Tofani
